THE FALCON

1985

Ronald and Donald Norfleet  
Editors

Drawn to Raleigh by some impressive sources, to this day I have yet to regret my coming-southern they say, but sweet-

IN PURSUIT . . .

A home away from home—Well, even those from the fast city life come to slow down and to get standard learning. I've been placed in an outstanding institution by choice . . .

A budding scholar upon an educational ship. I am secured. I was tested early; during registration the common quote remained the same—"Pain to Gain".

I waltzed myself through an informative week of orientation; stood and sat through the essential game of "Musical Chairs"—Taylor Hall, I love you madly . . .

I've grown a deep feeling for Boyer, a special touch for Hunter—challenges beyond challenges have I experienced in Penick—they all stem from a Branch, and Cheshire's bottom has truly been an aid . . .

And though at times I've cursed the library regarding difficult findings, its atmosphere has done wonders during the final turn . . .

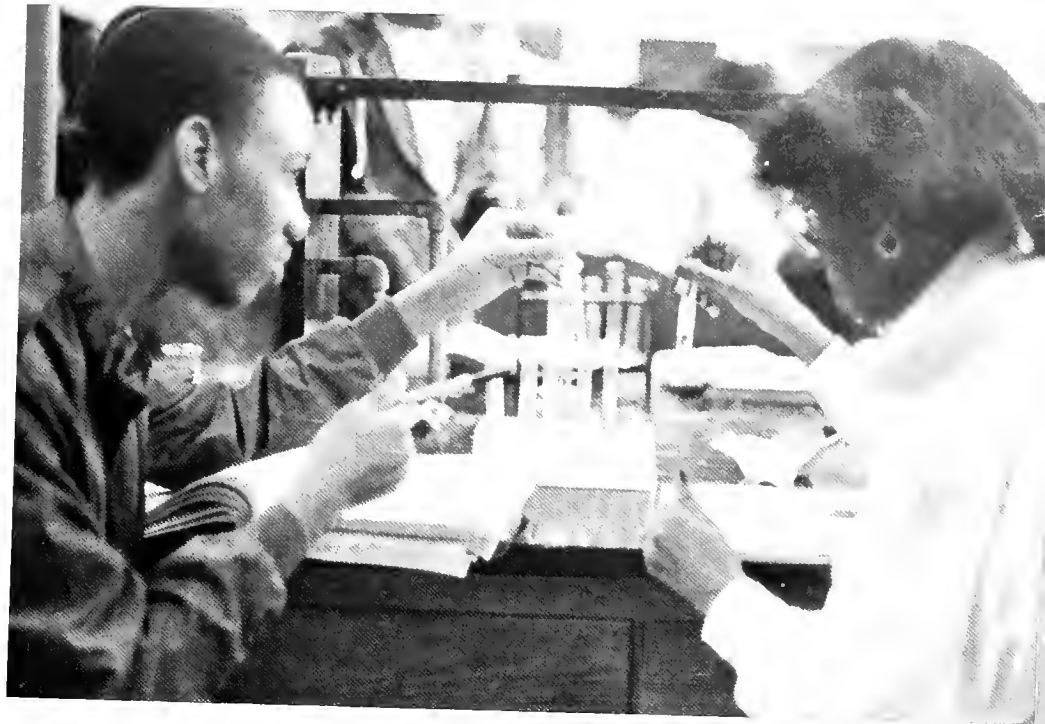

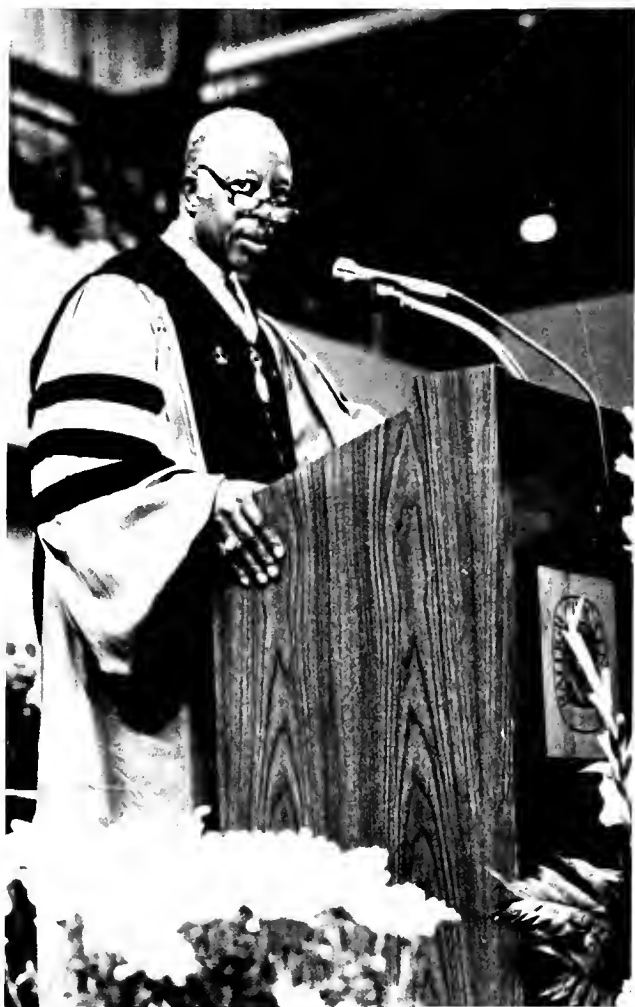

Like others I played on the steps of  
Goold, paged wrong names in Baker,  
honored myself at Hermitage, and often  
feared what Mrs. Delaney would think of  
my intentions while going to her memorial  
living place . . .

I have treasured the border in Atkinson, and have gotten early training for the bunks in Lynch. Through it all, the Chapel has played its godly role. I have proudly spread my wings—I AM A FALCON with a destined flight . . .

... OF EXCELLENCE

We cannot predict what the Decade of the Eighties will bring. Our lives seem to be under control of economic factors we cannot control—good will and support of an outside constituency, we remain on the knife edge between success and failure. If our family—alumni, faculty, student body, and staff—guards our flank, we can only become stronger within ourselves. If our benefactors—foundations, corporations, donors, and governmental institutions on the national, state, and local levels—continued their support, we can only become better capable of doing the job of educating young people. Our future, simply stated, depends on all of us doing the best we can. Our best must be the education of young minds, the strengthening of young bodies, and the bolstering of young spirits. If we succeed in turning the unformed young person of today into the productive citizen of tomorrow, we have secured the future for generations to come. With your help, there cannot be any other result.

## DR. PREZELL R. ROBINSON PRESIDENT

HIS EXCELLENCY PRIME MINISTER ROBERT GABRIEL MUGABE

THE INSTITUTION OF THE REVEREND DOCTOR CYRIL BURKE, CHAPLAIN,  
SAINT AUGUSTINE'S COLLEGE

We have turned the pages of our experiences in 1984 and '85. We enjoyed the spirit of learning and teaching—We cherish the laughter of our success, and have tried determinedly to erase the tears of our failure. Another year has passed by. New doors of opportunities have opened—The picture and literature of it all, we close yet another yearbook.

Some have left the land of St. Augustine's, others discovered a new home—Many have made plans to depart, a number stand with intentions to arrive. The president struts strongly, his staff too strives with a positive pace. The picture is not one of perfection, but God knows the printing is a good one. New ideas arise, trite ones die, and the joy of education lives on . . .

The times in 1984-1985 cannot return, but this booklet holds the memories. The nearness of our dreams, the fruits of reality, and the incentive to push on. Our mark has been made, the print is clear—Through is all we stood strong. Certainly there were things worth remembering and some things we hurry to forget. Another year has rolled by. When we look back the sight is beautiful. Below: a black house of progress—Above: falcons intruding the air with goodness. God bless our every struggle . . .
